PHI is any individual identifiable health information we create or receive that relates to your past, present or future health care or medical condition. PHI includes paper, electronic and oral data.

We are required by law to maintain the confidentiality of PHI. We also are required to provide you with this notice of our legal duties and the privacy practices that we maintain concerning your PHI. By federal and state law, we must follow the terms of the notice of privacy practices.

Additionally, you have the right to request that we restrict disclosure of your PHI to individuals involved in your care or the payment for your care, such as family members and friends. Also, if you pay for a service or health care item in full, you may ask us not to share the information for the purpose of payment or our operations with your health insurance. We will honor your request unless required by law. This restriction request must in writing.
